# Create Account&change password&Search Device

The screenshot shows the GPS software interface with various windows and toolbars.

**Main Window:** The top navigation bar includes "Hello Bonnie | 19 [ Change Password My Service] Exit". Below it are tabs for "Business" and "Monitor". A search bar says "ID Number/Customer Name/Account". On the right are buttons for "Target" and "Customer".

**Customer List:** A tree view under "customer List" shows "All Customer" expanded, with "Bonnie" selected. Under "Bonnie", options include "Add Customer", "Manage Customer", "Delete Customer", "Set Pwd", and "Search customer". A yellow callout points to the "Add Customer" option.

**Add Customers Dialog:** A modal window titled "Add Customers" contains fields for "Name of Customer", "Login Account", "Password" (with a note: "Password must be less than 20 digits"), "Password Confirmation", and "Roles" (radio buttons for "End User" and "Distributor"). The "Distributor" button is circled in red. A yellow callout points to the "Save" button at the bottom.

**Change Password Dialog:** A modal window titled "Change Password" has fields for "Existed password", "New password", and "Password Confirmation". It includes a note: "Password must be less than 20 digits". Buttons for "OK", "Cancel", and "Help" are visible.

**Search Function:** A yellow callout points to the search bar in the main window, stating: "Here is Quick search function, When entering IMEI no. click target to find related Imei. When entering account name, click customer to find related account."

**Bottom Navigation:** At the bottom, there are several rows of data entries, each with "Sale | Edit | More" links. One entry shows "the days to charge:365".

**Annotations:**

- Top left: "Click the +New, you can add customer." (points to the "+New" button in the customer list toolbar).
- Top center: "Click Change Password,User can set password." (points to the "Change Password" dialog).
- Bottom left: "Right-click the main account name, then you will see all the lower menu." (points to the context menu for the "Bonnie" account in the customer list).
- Bottom center: "Input the name of customer, login account and save as distributor or End user. Password is 123456 as defaulted." (points to the "Add Customers" dialog fields).

# Move device to other sub-account

The screenshot shows the GPS software interface with the following elements:

- Header:** GPS, Hello! Bonnie | 0 [Change Password My Service] Exit
- Top Navigation:** Business, Monitor
- Left Sidebar:** customer List, +New, All Customers, Bonnie(1/1) (selected), Kang1(0/0), xiaomao(0/0)
- Main Content:** Customer Information for Bonnie. Fields include Login Account: Bonnie, Roles: Distributor, Contacts:, Tel/Mail:, Address:.
- Buttons:** Target, Move account, Information, Batch Move (circled in red), Batch update, Update User Expires, Export to Excel, ID Number: search.
- Table:** Shows a single record: NO. 1, Target Name: BW13b-97318, ID Number: 866968030497318. Page: 10 Records.
- Move Dialog Box:** Overlays the main content. It has sections for Customers information and Device Information. The Customers information section shows Target Customers: Bonnie(1/1), Kang1(0/0), xiaomao(0/0). The Device Information section shows Target Name: BW13b-97318. Buttons at the bottom are Save (highlighted in orange) and Cancel.
- Annotations:**
  - A yellow callout points to the 'Batch Move' button with the text: "Click Batch Move button, Users can choose which customers they want to batch move into next level through opening new dialog box."
  - A yellow callout points to the first row in the table with the text: "Check out the device which you want to move."
  - A yellow callout points to the 'Save' button in the dialog box with the text: "Select the sub-user you want to move to. Then save it."

**Click Add:**

A map of the Davao Region in the Philippines, centered around Davao City. The map shows various cities and towns including Davao City, Tagum City, Mati, Compostela, Montevista, Nabunturan, Maco, Carmen, Panabo, Santo Tomas, Laak, Monkayo, Pantukan, Maragusan, Banaybanay, Lupon, and others. Major roads are marked with blue lines, including AH26. A green polygon represents the 'Kalatungan Range Natural Park'. In the bottom left corner, there is a vehicle icon with the license plate YM100, registration 9973, and number 13b-39411. On the right side of the map, a sidebar titled 'Geofence Name:' lists numerous geofence entries, each with a checkbox. The first two entries, 'BW13b-35666' and 'BW13b-35674', have their checkboxes checked. Below this list are 'Save' and 'Add' buttons. A red arrow points from the text 'Click add' to the 'Add' button. To the right of the 'Add' button is a table with columns for 'Name', 'Time', and 'Operate'.

Name	Time	Operate

**Choose area you want to set, then click the point one by one, until to be your polygon fence.**

After set it, once BW13b-35666 and BW13b-35674 cars come in or out of this German area, both cars' user will receive polygon alarms.

Device Detail List

Alarm Overview Alarm sound on 21s

Detailed description: This is a screenshot of a web-based GPS tracking system. The main area shows a map of the Indian state of Rajasthan and parts of Haryana and Uttar Pradesh. A specific device, 'BW08c-72448', is selected, and its details are displayed in a callout box. The device was last active on September 2, 2015, at 09:56:15. It is currently stopped. The map shows various roads with route numbers like 11, 65, 112, etc., and several cities labeled. On the left, there's a sidebar for managing devices, showing three online devices (including the selected one) and two offline ones. The top navigation bar includes links for 'Hello!', 'Change Password', 'My Service', and 'Exit'. The bottom of the screen has tabs for 'Alarm Overview' and 'Alarm sound on 21s'.
